We Suggest

STAFF RECOMMENDATIONS: Favorite Young Adult & Middle Grade Fantasy Reads

Serpent and Dove by Shelby Mahurin

Lou le Blanc flees her coven, forsaking all magic, to hide in Cesarine, where witches are feared, hunted and burned. Sworn to the church, Reid Diggory upholds the Chasseur's motto: thou shalt not suffer a witch to live. When their paths cross and the two are caught in a compromising position, Lou and Reid are forced to wed. A witch married to a witch hunter, what could go wrong?

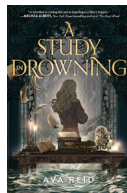

— **Bekah Napier, patron services assistant**

The Iron Trial by Holly Black & Cassandra Clare

The series consists of five books, which are all fairly short. The language is so quick and easy to read. I flew through these books and was so sad when I reached the end because I wanted to keep reading them forever!

— **Danielle Heiert, adult/teen services programmer**

A Study in Drowning by Ava Reid

Effy Sayre has always believed in fairy tales. So, when the opportunity arises to redesign the estate of Emrys Myrddin, the late author of her most beloved book, how could she not give it a try? But her task quickly grows more daunting as she navigates the dark history of the author, the legends of the estate, and the hostility of the manor's current residents. This book is so atmospheric and will prove difficult to put down.

— **Stephanie Daugherty, technical services specialist**

Vampire Academy by Richelle Mead

This is a great first book in a series! It's angsty with strong characters and it engrosses you until the end.

— **Dakota Guilkey, information services assistant**

Go on a Blind Date with a Book!

Happy Library Lovers' Month! Get into the spirit by going on a Blind Date with a Book. Like in years past, each branch will have a

display featuring books wrapped in paper with written details about the genre, synopsis and age group. Find one that piques your interest and unveil your mystery read.

Like real dates, we can't guarantee you'll fall head over heels, but it's worth a try.

Readers will find a "Rate Your Date" bookmark in each pick. Fill out the bookmark and turn it back in to any branch by Friday, March 7 for the chance to win a gift card.

Legends at the Library, *continued from the cover*

The Lineup

This year's theme is Legends at the Library, which means all-things fantasy. The Newport Branch will kick off the series with **Fantasy Costume Accessories on Wednesday, Feb. 5 from 3:30-5 pm**. Spend the afternoon crafting everything from potion bottles to horns to wands. Whether you want to go in costume to your next *Dungeons & Dragons* game, are planning ahead for the Renaissance Faire season or just want to have some magical fun, this is for you!

Next up is **Fantasy Movie Night on Thursday, Feb. 13 from 5-6:30 pm** at the

Alexandria Branch. Bring your friends and get ready for a night filled with laughter, adventure and snacks! After a chill movie night, set your sights on **DIY Dragon Castles, which is held from 4:30-6 pm on Tuesday, Feb. 18** at the Carrico/Fort Thomas Branch. Create your own castle fit for a dragon!

Closing out the series is **Mini Mayhem from 5:30-7 pm Friday, Feb. 28** at the Cold Spring Branch. Bring legends to life by designing your very own 3-D minifigure using the library's software. The figures are perfect for use in games like *Dungeons & Dragons* and *Call of Cthulhu*.

Staff will print your creations after the program, which can be picked up at a later date.

The Scavenger Hunt

Make like a hobbit and traverse our branches in search of hidden fantasy creatures. Each branch will have six to find: a jackalope, dragon, griffin, phoenix, unicorn and nine-tails. Want to participate? Grab a card at any branch and fill in the creatures' locations to win a sticker sheet! You can enter multiple times for the chance to win a prize basket.

Our staff also put together a list of fantasy read recommendations; pick up the flyer at the patron services desk of any branch. Keep the adventure going by reading adventure-filled books this month. (You'll even find recommendations for young adult and middle grade fantasy books on pg. 2 of this newsletter!)

For more information, visit cc-pl.org/legends-library-25.

Creator Competition

Hey, LEGO fans! We've got a competition for you—no matter your age. Flex your creativity at the Carrico/Fort Thomas's Creator Competition! There are three program times (see the details to the right).

- **Monday, Feb. 24** at 4 pm: Creator Competition for Families
- **Thursday, Feb. 27** at 4:30 pm: Creator Competition for Teens (registration is required)
- **Thursday, Feb. 27** at 6:30 pm: Creator Competition for Adults

Creations may be no larger than 6-by-6-by-6 inches. If you want, they can then

be displayed at Family STEAM Night on Saturday, March 8 from 6-8 pm. Also held at the Fort Thomas Branch, attendees will vote for Best Utility and Best Art across four age groups (adult, teen, school age and young ones).

You can also bring a creation from home! All submissions must be turned in by March 6.

Receive Tech Training!

Seniors: Do you need help navigating the ever-changing world of technology? The library is here for you!

Learn Tech at Programs

We have monthly programs geared toward assisting older adults on learning how to use technology.

On Thursday, Feb. 6 at 11:30 am, the Alexandria Branch is hosting AARP's Senior Planet for a talk on AI & Disinformation. Learn how to evaluate information better and explore tech tools that can help you identify content created with AI.

Mark your calendar for Fort Thomas' monthly Talking Tech Troubles program on Tuesday, Feb. 25 at 2 pm. Here, you'll learn all about email basics, including how to create strong passwords, using drafts, adding attachments and more. If you're already comfortable with using email, make sure to check out future topics. At Talking Tech Troubles, older adults can learn about various tech topics without worry of judgment.

You can also access virtual classes from Senior Planet. Take online classes, explore articles, access their tech help hotline and more at seniorplanet.org.

One-on-One Training

Plus, our library staff is happy to help with one-on-one classes. You can request a tech help appointment with library staff by visiting cc-pl.org/technology-training or

calling your preferred branch. Let us know your topic of interest and what kind of help you're looking for. Whether you need help with your smart device or Microsoft Word or downloading e-books, we're happy to help.

Can't make it to a branch? No problem. Receive tech training through Zoho Assist, a secure remote desktop software. All you need is home internet access and a phone.

In the Community

Our staff teaches classes across Campbell County to older adults in spaces like the UK Extension Office, YMCA, the Campbell County Senior Center and the Fort Thomas VA Medical Center.

For more information about community classes, visit cc-pl.org/events.

Virtual Author Talks

In partnership with the Library Speakers Consortium, the library hosts monthly Virtual Author Talks that patrons can enjoy for free in the comfort of their own home. Hear from a Smithsonian curator, a bestselling author and award-winning journalist in February! Details are to the right.

• **Tuesday, Feb. 4** at 2 pm: Smithsonian curator Sabrina Sholts will discuss how the very fact of being human increases our pandemic risks—and gives us the power to save ourselves. Sholts, author of *The Human Disease: How We Create Pandemics, From Our Bodies to Our Beliefs*, will bring together personal experiences, scientific findings and historical stories in this sure-to-be-eye-opening discussion.

• **Tuesday, Feb. 11** at 7 pm: Bestselling author Waubgeshig Rice will chat about his latest book *Moon of the Turning Leaves*, the sequel to his dystopian novel *Moon of the Crusted Snow*. If you want to catch up on

Rice's work ahead of the talk, we have both novels in our collection!

• **Tuesday, Feb. 18** at 2 pm: Journalist Lee Hawkins will discuss his memoir, *I Am Nobody's Slave: How Uncovering My Family's History Set Me Free*, which tells the story of one Black family's pursuit of the American Dream. This book examines how trauma from enslavement and Jim Crow shaped their outlook on thriving in America, influenced each generation, and how they succeeded despite these challenges.

Register for each talk and view more events at libraryc.org/ccpl/upcoming.
